

# Accessories

Three way height adjustment

Four way rotational adjustment

## easyEX NEXUS movement aid

A sturdy movement aid designed to help a user move from a lying to a seated and then to a standing position.

It is 12-way adjustable for height and position, can be securely fitted to either side of beds in Nexus range and is totally unobtrusive when not in use - folding flat and flush with the side of the bed.

## lightEX NEXUS reading lamp

A fully adjustable reading and examination light which operates at 12 volts and fits simply to either side of beds in Nexus range.

When not in use it swivels easily out of the way and a special clip keeps the switch neatly stowed.

A small LED on the switch glows red to ensure that it is easy to locate in the dark.

Certified for use as an examination light.
